

AICC(WA) Events Calendars For over 25 years, the AICC(WA) has provided its members with relevant and contextualised information from some of the greatest thinkers, leaders, scientists and businesspeople in Israel and Australia. These well received AICC(WA) ‘thought-leadership’ events also continue to provide a successful avenue for maintaining and building network in Western Australia to grow businesses and/or professional interests.

The events for 2022 will continue, both as in-person and online, maintaining an outstanding diverse range of topics with outstanding speakers, as we did in 2021.
